

## How To Get the Most Out of this Free Pamphlet

- ☑ *Print it out and look over the different ideas. Mark the ones you want to try.*
- ☑ *Carry this brochure with you in the parks. It folds nicely and will fit in with your park map.*
- ☑ *Try out some of the ideas and judge how much you enjoyed the experience.*
- ☑ *Use the chart on the back of the brochure to record which gems were your group's favorites.*
- ☑ *Visit your favorite gems often and have a happy time at the World Showcase, one of the happiest places on earth.*

If you want to learn more about any of these gems check out the World Showcase Wonder blog posts at [www.agoofyidea.com](http://www.agoofyidea.com).

## **A GOOFY IDEA** *Presents* *Hidden Gems* *at the* *World* *Showcase* *Pavilions at* *EPCOT*

---

### Canada Pavilion

As you wander through the pavilion don't miss the **Canadian Rockies** near the O Canada theatre. The 30 foot waterfall is refreshing on a hot day and the rocks formations are unique.

---

### United Kingdom Pavilion

Keep an eye out as you explore the stores. **Winnie the Pooh and Tigger** might be visiting inside the Toy Soldier toy store. Since Guests don't know they are there the lines will be short and your visit will be more memorable.

---

### France Pavilion

To get the best shot of the French skyline stop on the **bridge** between the International Gateway and the France Pavilion for a great panoramic shot. There may even be a Photo Pass Photographer waiting to take a picture of your entire group. Ooh la la!

---

### Morocco Pavilion

Ask one of the cast members to write your name in **Arabic** on a piece of paper for you. A page in your autograph book would be ideal. This is a great free souvenir from Morocco.

**Enjoy these hidden gems waiting to be found at the World Showcase**

---

### Japan Pavilion

**Kaki Gori** is shaved ice covered with a thick flavorful fruit syrup and optional milk. My favorite is the rainbow ice that has three syrup flavors on it: strawberry, honeydew, and tangerine. You can find this tasty treat at the cart just outside the pavilion.

---

### United States Pavilion

Check your EPCOT Time Guide so you don't miss the **Spirit of America Fife & Drum Corps**. Arrive early so you can watch them march in. They'll have you humming along with everyone's favorite patriotic tunes.

---

### Italy Pavilion

After visiting the buildings and stores in the pavilion, **walk to the water**. There are lovely bridges to cross and a picturesque area perfect for enjoying a restful moment. It is a piece of Venice in Florida.

---

### Germany Pavilion

If you need a sweet treat then **Werther's Karamell Küche** is the place for you. But even if you are not hungry it is a fun place to explore. The Cast Members make the candy and popcorn on the premises so you can watch them.

---

### China Pavilion

Spend some time relaxing by the **ponds** near "The Reflections of China". Before you reach the building there are several benches, perfect for watching the fish swim and admiring and buildings reflecting in the water.

---

### Norway Pavilion

Find the statue of **Grete Waitz**, a record-holding marathoner from Norway. There are very few statues in the parks and this is the only one of a runner.

---

### Mexico Pavilion

Take time to ride the **Gran Fiesta Tour Starring The Three Caballeros**. It is a fun boat ride featuring Donald Duck and his feathered friends. As his friends try to keep Donald out of trouble they go on musical and picturesque tour of Mexico.
